GROUP EXERCISE - Create Handouts for Driver's License Violations

Time: 45 min (5 prep / 40 work)

Materials:

- Computer / Computer Lab
- RCWs

Instructions: Break class into *4 squads*. Each squad will have approx. 40 minutes to create a handout/brochure on your topic(s). Use any resources you have available, including computers in the lab.

Give the Intermediate Driver's License Cards out at the BEGINNING of the exercise to use as an example.

Once your squad's handout is completed *and approved by me*, we will make copies for everyone in the class. Your classmates are relying on your squad to make your document clear and include all the relevant information.

While your squad will become an expert in your topic(s), the other squads will learn about different topics. If you have questions about those other topics, you are encouraged to go to them first. As a team, you should be able to help each other learn and study.

Here are your assignments *[write these on the whiteboard]*:

Squad #1: Driving While License Invalidated

Squad #2: NVOL (No Valid Operator's License)

Squad #3: NLOP (No License On Person), Motorcycle Endorsement, & CDL (Commercial Driver's License)

Squad #4: Instruction Permit

NTF: At the conclusion of 40 minutes, collect the handouts and verify that the information is correct. If something needs to be fixed, help them fix it. Once each handout is approved, have the class make enough copies to distribute to the entire class.

Do not feel obligated to explain every detail of these laws. This exercise is intended to make the students take ownership of the material.
